Aircrafts with Indian

1497. SHRI MATILAL SARKAR: Will the Minister of CIVIL AVIATION be pleased to state:

(a) whether it is a fact that the flights of Indian are very often affected for technical reasons on account of the fact that most of the air-crafts are closing the periods of longivity;

(b) what steps Government are going to take to replace them by the new ones; and

(c) the details of programme of Government in this regard?

THE MINISTER OF STATE OF THE MINISTRY OF CIVIL AVIATION (SHRI PRAFUL PATEL): (a) No, Sir. However, the grounding time of aircraft increases with age because of special/detailed inspections/ maintenance checks to make it airworthy.

(b) and (c) With the approval of the Government, Indian Airlines Limited (IAL) has signed an agreement with Airbus Industries and CFM International on 20.02.2006 for procurement of 43 Airbus family aircraft, all fitted with CFM engines. The delivery of the first aircraft is scheduled for October 2006 with the last delivery slated for March, 2010. These aircraft would replace 3 A-300 aircrafts operated by Indian Airlines and 11 B-737 aircraft operated by Alliance Air in a phased manner.
